TWO NEW PRODUCTS.

In a previous issue news mention was made of the thriving condition of a considerable amount of the sisal plant growing at Pearl City. At the same place Mr. Marsden, Commissioner of Agriculture, and others have large fields of canaigre growing. The canaigre is not flourishing, although there are healthy plants in places. Mr. Marsden attributes its partial failure to unseasonable planting, and will put in new plantings when the proper season next comes round. The sisal is a fibre plant, while the canaigre yields tannic acid. There is no doubt that different fibre plants, including ramie and sisal, will grow luxuriantly in these islands, but their cultivation for market would appear to be "a day behind the fair." The Planters' Monthly for July quotes an article from the Tropical Agriculturist, which represents that the market for fibre is heavily overstocked, with the prospect of a long period before the demand will again catch up to the supply. It might be well, therefore, for our agriculturists to go slow in the matter of fibrous plants cultivation. While the growing of ramie was being agitated here for a new industry, fully ten years past and later, and experimentation with machines for the preparation of its fibre was lively, other countries were similarly exercised over the demand for crude fibre from manufacturers in America and Europe. The Bahamas and other tropical countries were forehanded in responding to the call, with the result here stated that there is a complete glut of the market. There is some reason to fear a similar result in the case of the canaigre root, although an offer is outstanding to local producers for large quantities at a good price. In the meantime, while the crops are maturing, local capitalists may see their way clear to going into the tanning business on a scale sufficiently large for using up all the beef and horse hides, sheep and goat skins produced in the islands. It might be more profitable to export these products in the form of leather, if, as is confidently believed, the country can easily produce the chemicals for that purpose.

Mr. Black's address on Scotland before the Scottish Thistle Club is printed in this issue by request.

WATERHOUSE ESTATE.

Supreme Court Sets Dispute Between Executors and Heirs at Rest.

The Supreme Court has rendered an opinion in the case of John T. Waterhouse, Henry Waterhouse and William Waterhouse vs. Mary Rice, W. W. Dimond and Henry Dimond. It is a bill in equity for a declaratory decree upon the rights, duties and powers of the plaintiffs, who are named as executors and trustees under the will and codicils of John Thomas Waterhouse, deceased. Justice Fear is the writer of the opinion, which is signed by Chief Justice Judd and himself. Justice Bickerton being ill did not join in the decision,

which by stipulation of the parties was left to the remaining Justices. The case has been fully described in previous court reports. Stripped of all explanations and legal verbiage, the decision is that the grandsons, W. W. and H. Dimond, are entitled to immediate possession of the property devised to them by the testator. This confirms the decree of Judge Cooper of the Circuit Court, from which the executors of the estate had appealed. Hartwell for plaintiffs; Kinney and Hatch for defendants.

Ohera vs. Aekerman was resumed before Judge Cooper today.

George Lycurgus on his own behalf, by Paul Neumann his solicitor, enters a demurrer to the suit of Annette Freimann against P. G. Camarinos and himself, one of the causes being that there is a misjoinder of the parties defendant.

Government Sales.

The following sales of lands were made today.

Lease of Beck premises on Bethel street to J. B. Atherton for \$3000.

Land at Kapalama, Oahu, 33-100 acre, to H. Waterhouse for \$230.

Land at Kahaluu, Oahu, 13-100 acre for \$450.

Land at Palama, 58-100 acre, to S. Andrews for \$200.

Three and three-quarters acres at Waikane went to E. A. Jones for \$485.

Four and a quarter acres at Waipio, Hawaii, brought \$250.

Charged with Desertion.

Judge Perry heard the case of Joseph Irving against his wife Flora on Saturday afternoon. The latter is accused of desertion which she admitted but plead justification. General Hartwell appeared for the prosecution and J. A. Magoon for the defense. At the conclusion of the testimony the Court reserved its decision until it is asked for by either party, which probably means that the parties will make up again.

Alatau T. Atkinson, Inspector General of Schools, who left for the coast on Saturday, has not been absent from the islands before for fifteen years.

Chas. Murray M. Hare and Geo. Martin started for a trip to Waialua Saturday morning on bicycles. The boys punctured their tires before reaching Ewa, and had to return by the afternoon train.

Administrator's Sale of Furniture.

By order of A. V. GEAR, Esq., Administrator Estate of A. P. Peterson, deceased, I will sell at Public Auction, at my salesroom, Queen street, on

Thursday, July 25, 1895,

At 10 o'clock A.M.,

Timely Topics

Most people make their wills before they die, and some of them are great curiosities in their way. Among the many curious legacies made lately is that of a Christiana man who directs that his whole fortune shall be expended in bicycles. A Norwegian newspaper which does not give itself up to the comic element relates that a Dutch lawyer, named Nikolson, bequeathed the whole of his property to trustees, to be employed in the purchase of bicycles for the use of children attending school, while part of the money is to go towards paying the teacher to train the boys in bicycle riding.

The validity of the will has been disputed by the sons of the testator, who refuse to acknowledge it, so that it is still a question of doubt whether the children will reap the benefit of the strange bequest. That the testator was sincere enough, and that he recognized in the wheel untold blessings which might have escaped the observation of minds of less acumen, the concluding portion of the will should go to prove. It says:-

I have always found a bicycle capital protection against the importunity of those people who persist in stopping you in your walk to spin a long yarn in the hot sun or in the biting east wind. My machine, unlike a horse, never shied once; and in my drives I have had no need to intrust life and limb to the tender mercies of a coachman."

Now that lawyer had good hard, solid sense and plenty of it, in fact, a good deal more of it than most lawyers are credited with, and yet not more than many boys and girls in Honolulu have, for are there not many of the latter who are spending their whole fortunes in purchasing a bicycle and they are wise in spending their money on something that will give them their money's worth every time.

The bicycle of the Khedive of Egypt is a gorgeous machine, almost entirely covered with silver plating but if anyone wants a duplicate of it we can furnish it, or if something "English you know" is wanted we can supply similar machines to those used by the Prince of Wales' boys and girls; all of whom are expert riders.

But for common every day people like those who reside in Paradise, we mean the Hawaiian Paradise, the Monarch is the machine to buy. It gives you better value for the money than any other make, and we can furnish it in any style and price. We have received by the Australia the largest consignment of wheels ever brought to the islands, and also a complete line of extra fittings. If any portion of a Monarch wheel gets broken or out of order we can replace it at a moment's notice at factory prices.

Mr. T. V. King, who arrived by the same steamer, will have charge of the mechanical department of our bicycle business. His large experience in that line enables us to guarantee satisfaction in all work entrusted to him.

The Hawaiian Hardware Co. Ltd.

Opposite Spreckels' Block,

509 FORT STREET.

Look Out for the Best!

And when found make a note on.

We have a place now where we can show our Furniture to advantage, we can put it in a position where you will see just what it will appear in your home. If you will look in at our windows in the Waring Block, Fort and Beretania Streets, you will see what we mean:

BEDROOM, PARLOR AND
LIBRARY SUITS

and all kinds of Furniture ready for your inspection and delivery to your homes.
